

*DO YOU OR DOES  
SOMEONE YOU  
KNOW TAKE  
OPIOIDS?*

Opioids include hydrocodone, oxycodone, codeine, hydromorphone, morphine, fentanyl, buprenorphine, methadone, oxymorphone, and heroine.

**NALOXONE (NARCAN)  
RESCUE KITS ARE  
AVAILABLE**

Someone who has overdosed will be unresponsive, have trouble breathing, could die immediately without help. If someone overdoses, call for help or use Narcan.

**SAVE A LIFE.**

*Ask your pharmacist for a NARCAN kit.*
