Subject: Caremark Notice to NON-Medicaid Providers

A notice "Medicaid Enrollment Required" dated October 18, 2017 was faxed to all pharmacies. Pharmacies and prescribers must be enrolled with Medicaid programs in order to provide services to members and receive payment. (This is a state by state issue: you may only be allowed to provide services for Medicaid patients from the states in which you are enrolled.)

Beginning January 1, 2018 ALL claims processors (not just Caremark) need to comply with the 21st Century Cures Act forbidding payments to providers that are not enrolled with state Medicaid.

If you have any questions regarding your enrollment status, contact your state Medicaid agency.

If you would like to enroll, the following links may be helpful.
