Preferred	3	5	40	85	33%
Enhanced					
N Preferred	4	7	45	95	33%
Preferred	2	5	40	76	33%

AARP refers to the Non-Preferred Pharmacies as “Network” Pharmacies. So a customer calling AARP to complain should ask: Why are the copays higher at my pharmacy? They should be the same. I don’t want to change pharmacy.

Preferred Pharmacies are: Walgreens, Target, Kroger and regional supermarket pharmacies.

Excluded pharmacies include the independents, CVS, Rite Aid, regional pharmacy chains, and mass merchandise pharmacies.
