

Pharmacy Transition Services

Life is full of transition, even with the ownership of your pharmacy. You may be thinking about succession planning, retiring or buying another pharmacy. The Cardinal Health Pharmacy Transition Services team has you covered. We provide consultation to all community pharmacies, regardless of distribution affiliation.

Let us help you form your game plan.

We recommend planning at least three years in advance so you can:

- Maximize the value of your pharmacy
- Learn about opportunities for buyers or sellers
- Become informed of your financing options
- Leave your patients and employees in good hands
