

“Over the past 5 years, I have had the pleasure of working with Auburn Pharmaceutical. I spend the majority of my day purchasing pharmaceuticals, for my company, from numerous distributors and wholesale vendors. I can say without any hesitation that Auburn Pharmaceutical is the most pleasant and accommodating to deal with on a daily basis. Employees always go out of their way to meet and exceed my purchasing requirements. They always answer the phone with a smile and a cheerful greeting that makes you feel like a friend. I appreciate everything that Auburn does for me and my company and look forward to continuing my business with them for many years to come. Thank you Auburn for always letting us know you care to do it right from the start!”

CHRISTOPHER, DIAMOND PHARMACY

“Auburn has saved me so much time and money over the years. As an independent pharmacist, at times I struggle to meet my bottom line. I have to shop for all my generics and Auburn is usually where I find the best prices. Not to mention all the great things they do for the community.”

TOM, BUFFALO PRESCRIPTION SHOP

“We have been a client of Auburn for many years now and have nothing but good things to say about this company. The customer service that we receive has been top notch. Our Account Manager does everything she can to solve any potential issues. I would encourage pharmacy owners and buyers to give Auburn a chance to help your margins.”

ANDY, INTEGRITY PHARMACY LTC

“Auburn Pharmaceutical has been providing us with excellent service for many years. The one-on-one account management we receive makes Auburn stand out from the rest of the generic distributors. It’s also important that Auburn is NABP-Accredited and buys all of their generics directly from manufacturers. It’s truly been a real pleasure to use Auburn for our generic needs!”

JOEL, NEW JERSEY

“Mekagreen Pharmacy is very happy to have Auburn as a wholesaler. Auburn goes the extra mile in giving us the support needed as a retail Pharmacy. They provide awesome customer service, great pricing that gives us leverage to compete with big chain Pharmacies. And most of all we are very lucky and happy to have a very caring, energetic, well-informed sales rep. She is just simply, awesome.”
