

FAQS

WHAT MAKES HGRXPREFERRED DIFFERENT?

Transparency. When you join HGRXPreferred, you will be able to see your actual claims. We will show you the math and model to explain if there is a price raise or refund if your group does well.

WAIT, YOU'LL REFUND ME IF MY GROUP DOES WELL?

That's right. Part of our mission is to reward groups that do well at the end of the year. BUCA (the major insurance companies) pocket that money. Instead, we will return it to you.

HOW MUCH TIME WILL THIS REQUIRE?

No time at all! All we need is your employee census and claims history.

HOW LONG DOES IT TAKE TO JOIN?

Once you submit your application, it will take about three weeks to onboard. It takes about 7 days after your claims history is received to get a quote and then 10-14 days to onboard your staff.
