

# Save time and energy with the RxOwnership License Application Services Program

*Starting or acquiring a pharmacy can be a complicated process. Each item on your checklist can seem like a daunting task — whether in complexity or just in the time needed to do it right.*

The McKesson RxOwnership® team is now available to help streamline some of the more tedious parts of starting or acquiring a new pharmacy.

With the new RxOwnership License Application Services (LAS) Program, we take on the burden of completing the many license applications needed to get your business off the ground.

### Choose how much help you'd like

The RxOwnership team is ready to support you in connection with any or all of the license applications listed here. You decide how much help you need.

**Email [RxOwnership@McKesson.com](mailto:RxOwnership@McKesson.com) for further details on the LAS Program.**

### The LAS Program can help streamline the application process for:

- State Board of Pharmacy (BOP)
- Drug Enforcement Administration (DEA)
- State Controlled Dangerous Substances (CDS)
- National Council for Prescription Drug Programs (NCPDP)
- National Provider Identifier (NPI)
